# 2023 Summer Camp

We can't wait to see you there!

February 1st, 2023

Welcome to CDC Summer Camp 2023! We are excited to welcome you back this year for another summer of fun!

Please see the information below for our weekly camp themes and dates of operation for this upcoming summer.

---

CDC Summer Camp  
Summer 2023

## **Week 1– Books and Beyond Monday, June 19th – Friday, June 23rd**

Oh the places you'll go! Stories will be your ticket to hop aboard the CDC Express and enjoy a week filled with fantasy, adventure, mystery, and suspense. All week long, we will be exploring all of your favorite characters,

and the journeys they've taken through words on pages. Just like Mary Poppins, we're going to jump into the stories and have an adventure of a lifetime! You never know you may just be eating in a box with a fox.

## **Week 2 - Build Your Business - Monday, June 26th - Friday, June 30th**

Calling all future entrepreneurs! This week at CDC Summer Camp is all about you. We are looking for young people with brand new ideas, who are excited to create their very own business! During this week of camp you will get to design your company logo, hire all your staff,

create your products, and reveal all of your hard work at the Fun Friday Campers Market. You will have to take on challenges that will help you earn money to either grow your business or spend at the market. You get to decide as you are in complete control of your company!

## **Week 3 - Movin' and Groovin' - Wednesday, July 5th - Friday,**

**July 7** *Please note that camp will be closed on Monday (7/3) and Tuesday (7/4).*

Let's get up and Move! If you like to bend, stretch, run, kick, jump, and dance, come on down! CDC Camp is here for you. During this short week of camp we are going to put all our energy in motion. We will have sports, obstacle courses, ninja warrior courses, yoga, and all the most fun ways to get our bodies moving. Of course this week couldn't be complete without our very own color run! We'll take a jog through the camp neighborhood, and get covered in color as we celebrate at each checkpoint. So let's move and groove together!

## **Week 4 - CDC Camp's got Talent - July 10th - 14th**

Show us your hidden talents! This week during CDC camp, we want to see all the amazing things that you love most about yourself. We want to see the dancers, magicians, actors

and actresses, singers, poets, sports stars, and everyone who loves to show off their talents on the big stage. Our panel of judges are working behind the scenes to get a sneak peak at our talented campers. Will it be you who earns the golden buzzer? Come on down, let the confetti rain begin, and show America that CDC's Got Talent.

**Week 5 – Global Citizens - Monday, July 17th – Friday, July 21st**

What does it mean to be a global citizen? At CDC camp, it means that we gather a group of campers just like you, and we learn about and take on the world's biggest challenges. Not only will we look at our Ann Arbor community, we will be thinking about issues that affect people who are less fortunate from all around the world.

Then, we'll make plans and put them into action as we build the pathway to positive change. We can't mention global citizens without our commitment to nature! Friday will be our annual family overnight campout, where we will explore many ways we can spend time with nature.

**Week 6 - Around the World - Monday, July 24th - Friday, July 28th**

Have you ever dreamed of the perfect vacation? CDC Camp is it! Pack your bags, and double check that you have your passport ready, because we are traveling around the world. It is going to be a fun-filled week of exploring different cultures, landscapes, and regions of the globe! We can't wait to see the pyramids in

Peru, the mountains in Tibet, or the plains of Africa. You never know what you'll see or do during this week of jet setting. Don't be late, the boarding gates close promptly at 5:00. We can't wait to see you there!

**Week 7 - Construction Junction - Monday, July 31st - Friday, August 3rd**

This week we are putting on our construction hats and setting off to work! The week lets children learn how to plan their blueprints, build with various materials, and construct their own creative projects! Roads, towers, monuments, and pyramids are just a sample of the structures to be introduced, imagined, and created.

**Week 8 - Going out with a Splash - Monday, August 7th - Friday, August 11th**

In our farewell week, we are going out with a splash! We are playing with all things water. Along with our daily trips to Buhr Park pool, we'll have slip n' slides, water balloons, and our favorite games of campers vs. counselors splash wars! We can't forget to mention one of our all time favorite trips. On Friday, August 11<sup>th</sup> we will take our final, full day field trip to Rolling Hills Water Park. We'll swim, slide, and soak up some rays as we say goodbye to a glorious summer.

**Thank you for considering CDC Summer Camp!  
We hope to see you there!**
